INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

To the Chairman and Board Members Village of Duncan, Nebraska

Management is responsible for the accompanying financial forecasts of the Village of Duncan, which comprise forecasted information for the years ended September 30, 2025 and 2024, included in the accompanying prescribed form and the related summary of significant forecast assumptions in accordance with guidelines for the presentation of a financial forecast established by the American Institute of Certified Public Accountants (AICPA).

Management also is responsible for the accompanying historical financial statements of the Village of Duncan, which comprise the financial information for the year ended September 30, 2023, included in the accompanying prescribed form.

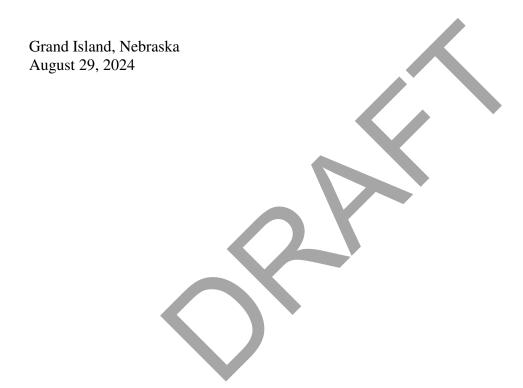

We have performed the compilation engagements in accordance with Statements on Standards for Accounting and Review Services, promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit, examine, or review the forecast or the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial forecasts and historical financial statements included in the accompanying prescribed form.

The financial forecasts and historical financial statements included in the accompanying prescribed form are presented in accordance with the requirements of the State of Nebraska Budget Act, and are not intended to be a presentation in accordance with accounting principles generally accepted in the United States of America.

The forecasted results may not be achieved, as there will usually be differences between the forecasted and actual results because events and circumstances frequently do not occur as expected, and these differences may be material. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Management has elected to omit the summary of significant accounting policies and substantially all the disclosures required by guidelines for the presentation of a forecast established by the AICPA other than those related to the significant forecast assumptions. If the omitted summary of significant accounting policies and disclosures were included in the forecast, they might influence the user's conclusions about the Village's results of operations for the forecast periods. Accordingly, this forecast is not designed for those who are not informed about such matters.

This report is intended solely for the information and use of management of the Village of Duncan and the State of Nebraska Auditor of Public Accounts and is not intended to be and should not be used by anyone other than these specified parties.
